

Ano ang Laman ng Kahon

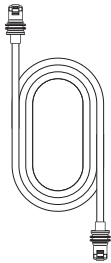

Gen 3 Router

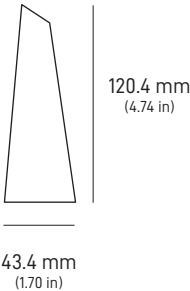

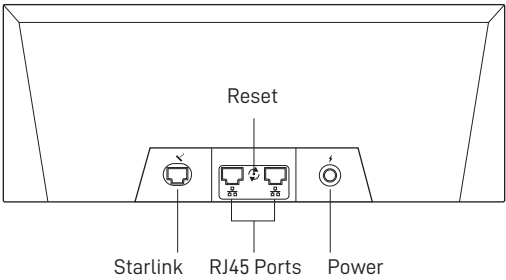

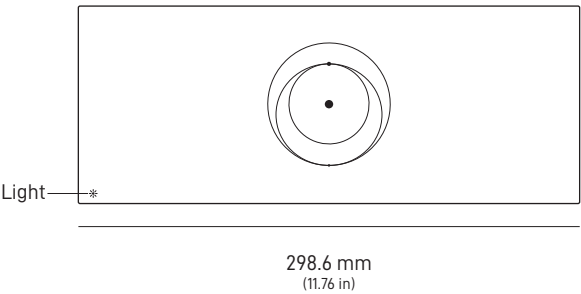

Starlink Plug

RJ45 Cover

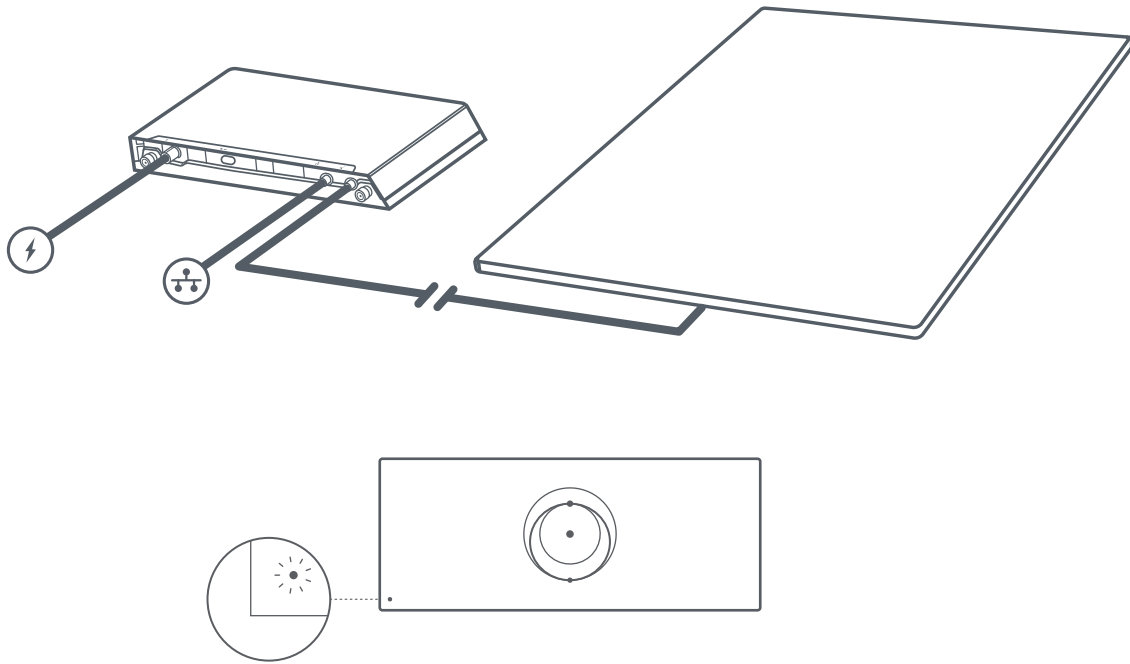

Starlink Cable
5 m
(16.4 ft)

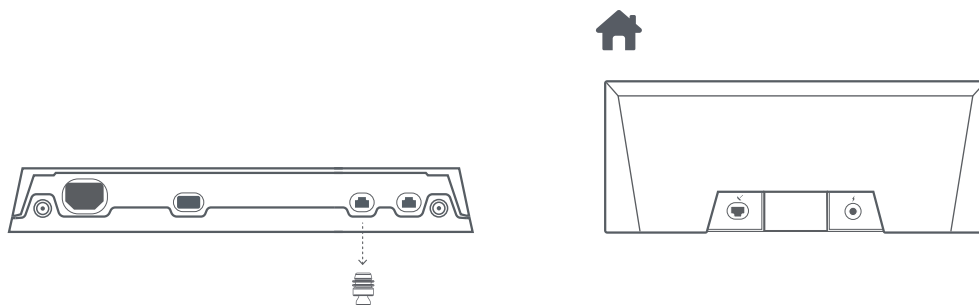

1 | Siguraduhing Naka-setup ang Starlink mo

Magsimula sa pamamagitan ng pagtiyak na naka-set up ang Starlink at nakakonekta ito sa internet bago i-set up ang Gen 3 Router mo. Kapag nakakonekta sa internet, magiging solid na puti ang LED light sa Advanced Power Supply.

2 | Alisin ang Mga Plug

Alisin ang mga plug mula sa ethernet port sa Advanced Power Supply at WAN port ng Gen3 router.

3 | Ikonekta ang Router

Padaanin ang ibinigay na 5m Router Cable mula sa ethernet port sa Advanced Power Supply papunta sa WAN port ng Gen3 router
